ABPA Committees

At the discretion of the Board of Directors or the Executive Committee, committees can be established to perform specific or ongoing tasks. A chairperson who is appointed by the Executive Committee and ratified by the Board of Directors heads the committees. Any member in good standing can apply to be on a committee by filling out this committee application. The chairman of the committee will forward the petition to the full committee for review.

The committees function as advisors to the Board of Directors. The committees must follow their committee charge as established by the Board of Directors. The committee actions are subject to the approval of the Board of Directors.
